BEVERAGE

My journey in the restaurant industry began in 2005

when I decided to establish my venue in a charming former farmhouse in Massignano, seamlessly nestled within the breathtaking Conero Park. Here, the picturesque hills adorned with Mediterranean vegetation offer a panoramic view of the Adriatic Sea.

The pursuit of excellence was immediately translated into action through a meticulous renovation, crafting an environment that exudes elegance, warmth, and a welcoming ambiance, placing our esteemed guests at the heart of our service.

Our culinary philosophy centers around sourcing premium ingredients from the gastronomic world, handled with utmost respect to create exquisite dishes.

Likewise, our wine selection, now boasting over a thousand labels, is curated with meticulous care, featuring carefully chosen bottles from across the globe. These are stored in the subterranean cellar within the restaurant, maintaining optimal temperature and humidity for year-round perfection.

Saviotti Provisions

superyacht food and beverage supplies

In 2012, our collaboration with Ferretti Yachts commenced, entrusting us with catering services for owners and guests of Mega Yachts. Over twelve years, we have honed our ability to adeptly navigate and address any situation, dietary restriction, or specific requirement of our esteemed guests.

Our journey has seen expanded partnerships with ISA/Palumbo Superyachts Ancona, as well as diverse assignments on private yachts, taking us to prestigious locations such as Cannes and Monte Carlo. We have also proudly showcased our offerings at the Monaco Yacht Show with Wider Yacht.

Arising from our extensive experience in supplying the luxury industry with top-tier products and services, comes the ambition to broaden our scope by offering a service dedicated to sourcing exceptional food and beverages for yachts in Italy and beyond.

I have curated a selection of the highest-quality products specifically tailored for Chefs and Chief Stewardesses, enabling the staff to deliver culinary excellence and impeccable service. Leveraging my wealth of onboard experience, I present a solution that addresses all dietary, logistical, and creative needs.

Authenticity and originality of flavors are paramount to me: I have incorporated products that encapsulate the traditions of their origins, making room for those hailing from my own local territory. Additionally, we ensure a selection of brands that contribute to the sense of home on board.

Our service is intricately designed around the unique needs of our clients, encompassing everything from packaging to vacuum-sealed portions. Furthermore, we offer professional assistance to address any queries regarding product use, characteristics, or preparation. Equipped with our own resources, we can seamlessly reach our clients anywhere in Europe, promising unparalleled quality and service from the initial contact to the delivery of orders in port.

GLASSES

X-Glass

The glass must be a mirror of the wine, “feel” the territory, and in this case almost disappear with its little more than 90 grams as it is crossed by the reverberation of the elements. Each glass is a unique piece, handmade starting from an amalgam of minerals where barium replaces lead. A team of eight specialized craftsmen works at the Hörbranz factory, in Austria, to make an average of 300 glasses a day. All summarized in the shape of a universal glass, suitable for all wines, including sparkling wines, as the letter symbol “X” – multiple choice – reminds us.

Lightness, versatility and resistance. Three adjectives that add up, or rather multiply, to the experience of merging with wine and its banquet.
